

TwinTape

Double-sided adhesive tape with strong adhesive strength for airtight installation without stapling. The tear-resistant liner enables easy application and ensures precise bonding. Ideal for secure fixing and sealing of vapor barriers and connections.

Technical specifications

PROPERTY	VALUE	TEST
cover	tear-resistant plastic liner	
roll width	20 mm	
roll length	50 m	
processing temperature	-10°C to +40°C	
temperature resistance	-40°C to +100°C	
aging resistance	The ALMO® high-performance adhesive does not become brittle and does not dry out	
storage	unlimited	
prerequisite for safe use	The adhesive surface must be free of grease and dust, dry and must not be adhesive-repellent. To be sure, we recommend adhesive tests.	

These values may have tolerances. Unless otherwise stated, industry standard, material and performance tolerances apply.
